1. Questions: Items 1-14 are the same items as 15-28. My guess is that 1-14 are proficiency testing samples and 15-28 are for quality check samples. Is that correct?

Response: Yes, Items 1-14 are testing sample for analyte and 15-28 are the quality check Samples for kit.

2. Questions: I have a question regarding the bid. Is this an all or nothing bid? We can provide everything except one sample. Please advise

Response: This is an all bid, not sure what you mean about the one sample? Please advise.

3. Questions: ERA does not offer Dissolved Oxygen. This is not a required PT; therefore, we do not offer at this time. We can provide everything else listed on the bid and competitive pricing.

Response: The user departments states that we are **required** to perform two (2) PT analyses for Dissolved Oxygen annually. We need a vendor that can provide this.
